

Office of School Facilities

Volume 14

October 2023

Leased Space

Approvals of leased instructional space for FY 2024 have been posted to <https://www.maine.gov/doe/schools/facilities/lsp> under "Resources."

Maine School Facilities Inventory

The Office of School Facilities is pleased to announce that it has secured funding to develop and populate a data platform which will include information about the over 600 public school buildings in Maine. This data is critically needed in order to help support an understanding of Maine's school building infrastructure needs. The Inventory will collect an estimated 100 critical data points for each of Maine's public school buildings. Some of the data points include age, square footage, ventilation, fire protection, generator, heating source, water source, and air conditioning. The field data collection has begun and is projected to be complete by the Summer of 2024. The DOE will contact SAU leadership to schedule the brief site visits.

School Revolving Renovation Fund

The Department is accepting SRRF applications for Priority One projects through October 31, 2023. Applications and additional information are available here: <https://www.maine.gov/doe/schools/facilities/srrf>.
