

Withdrawal Referendum Timeline

November 3, 2020 Ballot

The withdrawal statute allows the Commissioner to take up to 60 days to review a withdrawal plan for conditional approval – while the Commissioner’s office will do their best to review these plans in a timely manner, this does not indicate we can turn this around immediately, especially if revisions are necessary.

Please consider submitting a draft version(s) to the Commissioner prior to the request for conditional approval so that concerns may be addressed prior to the official submission. This will expedite the conditional approval process once the agreement has been signed by both parties.
