

State Farm Business Management Career Development Event

FORMAT

The State FFA Farm Business Management Career Development Event will be held for individuals and teams of four and will consist of one section: online multiple-choice test. **Students need to bring calculators and blank paper to the event.**

Each individual works independently to complete the multiple-choice section on which individual scores will be received, as well as the four individual scores of official team members being counted toward the total team score.

No notes, reference materials, cell phones or outside resources are permitted.

The multiple-choice test section of the State FFA Farm Business Management Career Development Event is designed to test a participant's understanding of economic principles taught in farm business management. Specifically:

1. Each team member works independently to complete the multiple-choice test section.
2. Forty-five minutes is allowed for completion of this section of the event.
3. This section will consist of 50 multiple-choice items. Each item is worth two points.
4. The multiple-choice test section has a total value of 100 points.
5. Individual scores on the multiple-choice section are included in calculating both the individual and team score.
