If a paper Bid is to be sent express, please take note that overnight services do not always arrive in time and that delivery may be affected by carrier volume, weather and other factors. Packages using express services should be sent directly to the DOT Headquarters Building, Maine Department of Transportation, 24 Child Street, Augusta. "FedEx First Overnight" delivery is suggested as the package is delivered directly to the DOT Headquarters Building, Mailroom, 24 Child Street, Augusta. Allow extra days for U.S. Postal Service Express Mail which has proven not to be reliable and sometimes does not deliver directly to the DOT Headquarters Building but instead delivers to the State of Maine Mail Distribution Center.

If a paper bid is to be mailed, the mailing address is Maine Department of Transportation, 16 State House Station, Augusta, ME 04333-0016. Allow additional working days for this mail to pass

through the state mail system in addition to the US Postal Service as this mail is not delivered directly to the Department of Transportation.

If a paper Bid is to be hand carried, deliver directly to the “Public Entrance” which is located on the Capitol Street side of the DOT Headquarters Building in Augusta. <http://www.maine.gov/mdot/contact>. Hand-carried Bids may be in one envelope, and should be marked with the following information:

NOTICE TO CONTRACTORS - PREFERRED EMPLOYEES

Sec. 1303. Public Works; minimum wage

In the employment of laborers in the construction of public works, including state highways, by the State or by persons contracting for the construction, preference must first be given to citizens of the State who are qualified to perform the work to which the employment relates and, if they can not be obtained in sufficient numbers, then to citizens of the United States. Every contract for public works construction must contain a provision for employing citizens of this State or the United States. The hourly wage and benefit rate paid to laborers employed in the construction of public works, including state highways, may not be less than the fair minimum rate as determined in accordance with section 1308. Any contractor who knowingly and willfully violates this section is subject to a fine of not less than \$250 per employee violation. Each day that any contractor employs a laborer at less than the wage and benefit minimum stipulated in this section constitutes a separate violation of this section. [1997, c. 757, §1 (amd).]

**SPECIAL PROVISION**  
**SECTIONS 102 BIDDING**  
**& 103 AWARD & CONTRACTING**  
 (Basis of Award)

Bidders may bid one or more Region/Section combination in accordance with the table below. For each Region/Section bid, Bidders are required to bid all pieces of equipment in that section. For each Piece of Equipment bid, Bidders are required to bid all required and elective options. Each Region/Section Combination will be awarded separately.

Region	Region/Section Combination	Basis of Award
Region 1 Track Excavators	Sections 1 & 6	Section 1
Region 2 Track Excavators	Sections 2 & 7	Section 2
Region 3 Track Excavators	Sections 3 & 8	Section 3
Region 4 Track Excavators	Sections 4 & 9	Section 4
Region 4 Wheeled Excavators	Sections 5 & 10	Section 5

The basis for award for Sections 1 - 5 will be the lowest responsive bid for the equipment and the required options for each Section as determined by the Department. Each Region/Section combination will be awarded separately based on the bids for Sections 1 - 5.

Elective Options (Sections 6-10) are Items that must be bid on by the bidder, but may or may not be awarded based on the bid prices and each regions needs. Sections 6-10 will not be included in the determination of the lowest bid for the Region/Section combination.

Work will be awarded under these agreements according to the following process: The Apparent Low Bidder for the particular Section (1 - 5) will have first option to furnish the equipment. If this Bidder is unable to furnish the equipment, or the equipment does not meet or “substantially meet” specifications, then the Department will contact the Bidder that submitted the next lowest bid to see if that Bidder will furnish all of the equipment for the Section combination and subsequent Bidders in ascending order of the amount of their bids, until a Bidder agrees to furnish the equipment for a Section. “Substantially meet” is defined as having one or more variations from contract specifications which, as determined by the Department, are minor and do not alter ability of the equipment to perform planned work.

Prior to award, prior to delivery for a second season and if the Contractor swaps out equipment, the Department may inspect the equipment to be furnished to verify it meets specifications.

If the Department increases quantities for items already bid in a Region, the Bidder with the Contract for that Section (1 - 5) will have first option to furnish the equipment. If this Bidder is unable to furnish the equipment, then the Department will contact the Bidder that submitted lowest bid for the particular Equipment for that region to see if that Bidder will furnish the equipment. If this Bidder is unable to furnish the equipment, then the Department will contact the Bidder that submitted the next lowest bid to see if that Bidder will furnish the equipment and subsequent Bidders in ascending order of the amount of their bids, until a Bidder furnish the equipment.

If the Department adds an item to a region that was bid in other regions, the Bidder with the Contract for that Section (1 - 5) will have first option to furnish the equipment. If this Bidder is unable to furnish the equipment at a reasonable price, then the Department will contact the Bidder that submitted lowest bid for the particular Equipment in any region to see if that Bidder will furnish the equipment. If this Bidder is unable to furnish the equipment, then the Department will contact the Bidder that submitted the next lowest bid to see if that Bidder will furnish the equipment and subsequent Bidders in ascending order of the amount of their bids, until a Bidder furnish the equipment.

If any time after award, the Contractor is (1) unable to supply specified equipment, (2) the equipment requires repairs due to normal operations several days a month or (3) is unable to operate safely, the Department may contact the Bidder that submitted the next lowest bid for the particular Equipment to see if that Bidder will furnish the equipment and subsequent Bidders in ascending order of the amount of their bids, until a Bidder agrees to furnish the equipment or the Department may readvertise.
