The Bids will be scored on the basis of the following weighted criteria:

<u>Criteria</u>	<u>Weight</u>
1. Price	40%
2. Company's history and experience of Work related to this Proposal and experience and ability of bridge welders enabling them to meet the requirement in Section II.	45%
3. Reference of previous customers that have had similar work performed by the Bidder.	15%

The Evaluation Committee will use a consensus approach to evaluate the bids. Members of the review committee will not score the proposals individually but instead will arrive at a consensus as to assignment of points on each category of each proposal. The contract award will be made to the Bidder receiving the highest number of evaluation points, based upon the proposals' satisfaction of the criteria established in the RFP.

The Cost section will be scored as follows:

Scoring the Cost Proposal: The total cost proposed for conducting all the functions specified in this RFP will be assigned a score according to a mathematical formula. The lowest bid will be awarded 40 points. Proposals with higher bid values will be awarded proportionately fewer points calculated in comparison with the lowest bid.

The scoring formula is:

$$(\text{lowest submitted cost proposal} / \text{cost of proposal being scored}) \times 40 = \text{pro-rated score}$$

No Best and Final Offers: The State of Maine will not seek a best and final offer (BAFO) from any Bidder in this procurement process. All Bidders are expected to provide their best value pricing with the submission of their proposal.

Issuance of this RFP in no way constitutes a commitment by the State of Maine to award a contract, to pay costs incurred in the preparation of a response to this request, or to pay costs incurred in procuring or contracting for services, supplies, physical space, personnel or any other costs incurred by the Bidder.

Once scores are final, award will be made to the bidder whose proposal receives the Committee's highest score. Successful bidder will receive written notification of the award and the results will be posted on the MaineDOT website.

The information contained in proposals submitted for the State's consideration will be held in confidence until all evaluations are concluded and the award notification has been made. At that time, the full content of the proposals becomes public record and is therefore available for public inspection upon request.

By submitting a proposal, the bidder agrees and assures that the specifications are adequate, and the bidder accepts the terms and conditions herein. Any exceptions should be noted in the proposal. The State reserves the right to reject any or all proposals based on the exceptions presented, without obligation to communicate or negotiate with the bidder.

The details of the evaluation process will be provided to interested parties, upon request, after selection of the apparent successful proposal.
