Scoring

An Evaluation Committee will read and score each Bid. The Evaluation Committee will be composed of qualified reviewers who will judge the Bids in accordance with the criteria defined in this Bid Book.

MaineDOT reserves the right to communicate with Bidders, if needed, to obtain clarification of information contained in the proposals received. Changes will not be permitted during any interview/presentation process.

The Evaluation Committee will use a consensus approach to evaluate the bids. Members of the Evaluation Committee will not score the proposals individually but instead will arrive at a consensus as to assignment of points on each category of each proposal.

Scoring the Cost Proposal: The scores will be based on a 100-point scale. The Evaluation Committee will read and score each proposal on the basis of the following weighted criteria:

Section	Criteria	Weight
I	Costs (Stated in Appendix A Schedule of Items)	100%

1. The cost proposed for conducting all the functions specified will be assigned a score according to a mathematical formula. The lowest bid will be awarded 100 points. Proposals with higher bid values will be awarded proportionately fewer points calculated in comparison with the lowest bid.

The scoring formula is:

$$\text{(lowest submitted cost proposal divided by the cost of proposal being scored)} \times 100 = \text{pro-rated score}$$

2. If the Bidder receiving the highest number of evaluation points for all criteria sections is a Maine business, as defined in this Request for Proposals, the contract award will be made to that Bidder.

If the Bidder receiving the highest number of evaluation points for all sections is a non-Maine business, the following will apply:

- a. The review team will determine if any Maine businesses are within a “competitive range”. Competitive range is defined as a proposal having a total Section I score within 5 points of the top bidder’s Section I score.
- b. If there are any Maine businesses that score within the competitive range, the total proposed costs for the Bidder receiving the highest number of evaluation points and all Maine businesses in the competitive range will be compared. For comparison purposes, all Maine businesses will receive a 5% reduction to their total proposed cost. The contract award will be made to the lowest total proposed cost after the 5% reduction has been applied.

3. The goals of the evaluation process are to ensure fairness and objectivity in review of the bids and to ensure that the contract is awarded to the Bidder whose proposal provides the best value to the State of Maine. The term “Best Value” takes into consideration the qualities of the services to be supplied, their conformity with the specifications listed, and the best interest of the State. For comparison purposes, all Bidders with "Below Standard" performance ratings on file with the Department in the last three (3) years will receive up to a 20% reduction in points.
4. The responsive Bidder receiving the highest number of evaluation points based upon the Proposal’s satisfaction of the criteria established which, regarding the consideration Maine business enterprise, is considered as best-value for the State of Maine, all as determined by the Department, may be offered the contract. The Department reserves the right to reject any or all bids.

No Best and Final Offers: The State of Maine will not seek a best and final offer (BAFO) from any Bidder in this procurement process. All Bidders are expected to provide their best value pricing with the submission of their proposal.

Issuance of this in no way constitutes a commitment by the State of Maine to award a contract, to pay costs incurred in the preparation of a response to this request, or to pay costs incurred in procuring or contracting for services, supplies, physical space, personnel or any other costs incurred by the Bidder.

The Department reserves the right to reject any or all bids.

The successful bidder will receive written notification of the award and the results will be posted on the MaineDOT website.

The information contained in submittals for the State’s consideration will be held in confidence until all evaluations are concluded and the award notification has been made. At that time, the full content of the bids become public record and is therefore available for public inspection upon request.

By submitting a Bid, the bidder agrees and assures that the specifications are adequate, and the bidder accepts the terms and conditions herein. The State reserves the right to reject any or all proposals based on the exceptions presented, without obligation to communicate or negotiate with the bidder.

The details of the evaluation process will be provided to interested parties, upon request, after selection of the apparent successful Bidder.
