The scores will be based on a 100-point scale. An evaluation Committee will review each Proposal and score on the basis of the following weighted criteria

Criteria	Weight
Qualifications and Experience & Meeting Contractor Requirements	45
References	20
Bid Price	35

The contract award will be made to the bidder who receives the Committee's highest score for following the final review.

The Evaluation Committee will be composed of at least three qualified reviewers who will judge the merits of the Proposals in accordance with the criteria defined in this RFP. The goals of the evaluation process are to ensure fairness and objectivity in review of the Proposals and to ensure that the contract is awarded to the Bidder whose Proposal best satisfies the criteria of the RFP at a reasonable/competitive cost.

MaineDOT reserves the right to communicate with Bidders, if needed, to obtain clarification of information contained in the proposals received. Changes to Proposals will not be permitted during any interview/presentation process.

The Evaluation Committee will use a consensus approach to evaluate the Proposals. Members of the Evaluation Committee will not score the Proposals individually but instead will arrive at a consensus as to assignment of points on each category of each Proposal. The contract award will be made to the Bidder receiving the highest number of evaluation points based upon the Proposal's satisfaction of the criteria established in the RFP.

Scoring criteria for Bid Prices: The unit price provided by the Bidder will be assigned a score according to a mathematical formula. The lowest bid will be awarded 35 points. Proposals with higher bid values will be awarded proportionately fewer points calculated in comparison with the lowest bid. The scoring formula is:

(lowest submitted unit price divided by the price of proposal being scored) x 35 = pro-rated score

No Best and Final Offers: The State of Maine will not seek a best and final offer (BAFO) from any Bidder in this procurement process. All Bidders are expected to provide their best value pricing with the submission of their proposal.

Issuance of this RFP in no way constitutes a commitment by the State of Maine to award a contract, to pay costs incurred in the preparation of a response to this request, or to pay costs incurred in procuring or contracting for services, supplies, physical space, personnel or any other costs incurred by the Bidder.

Once scores are final, award will be made to the bidder whose proposal receives the Committee's highest score per location. The successful bidder will receive written notification of the award and the results will be posted on the MaineDOT website.

The information contained in proposals submitted for the State's consideration will be held in confidence until all evaluations are concluded and the award notification has been made. At that time, the full content of the proposals become public record and is therefore available for public inspection upon request.

By submitting a Proposal, the bidder agrees and assures that the specifications are adequate, and the bidder accepts the terms and conditions herein. Any exceptions should be noted in the Proposal. The State reserves the right to reject any or all proposals based on the exceptions presented, without obligation to communicate or negotiate with the bidder.

The details of the evaluation process will be provided to interested parties, upon request, after selection of the apparent successful proposal.

The Department will review the submissions and determine if the submitted evidence or information satisfies the Department requirement that the bidder is qualified to properly carry out the terms of the Contract.

Bidders shall ensure that all information required herein is submitted. Provision of inaccurate information or failure to provide all completed and required information may result in the Bidder being determined to be "Not Qualified" or disqualified as non-responsive. Within 14 days, the Department will review the submissions and determine if the available evidence or information satisfies the Department requirement that the bidder is qualified to properly carry out the terms of the Contract. The Department reserves the right to communicate in writing with Bidders, if needed, to obtain additions to and/or clarification of information contained in the submittals received. The Bidder shall have 3 days to submit additions and clarifications. The Bidder will have no additional opportunity to submit or clarify information.
