MAINTENANCE & OPERATIONS

MaineDOT is making this bid opportunity available on the bidexpress.com website. Bid Express is an internet-based online service that allows bidders to save time and money by submitting their bids electronically. Bidders register for free, create their digital identification for free, and download procurement documents/plans for free. Bidders are only charged when they decide to respond to the solicitation a \$40 electronic bidding fee or \$50 monthly subscription for unlimited electronic bidding that can be canceled at any time.

Please allow a few days for mailing and processing of the signed notarized registration.

It is important to note that the Bid Express service is NOT the same service that MaineDOT uses for its construction projects (bidx.com). While the services are offered by the same company, the sites are vastly different in how they function. Potential bidders are encouraged to view the Bid Express Quick Start Guide provided on the following pages.

For any additional questions, please contact the Bid Express customer support team. The team can be reached by phone at 888-352-BIDX (2439) or by email at support@bidexpress.com.

Welcome to the Bid Express service

If you are planning on submitting bids, a user with a manager account for the Bid Express service must change your role within the Bid Express service itself. Please see the knowledge center if you need assistance.

Whether you need to pay to bid on a solicitation depends on the agency. Some agencies sponsor accounts for their vendors. A FREE tag will display for any solicitation not requiring a fee.

Solicitations will either require an electronic signature or an Infotech Digital ID for bid submission. If the agency requires a Digital ID, you will be prompted to generate one. Do not pay for a solicitation or generate an ID until prompted to by a solicitation you selected for bidding.

Infotech® Multi-Browser Digital IDs for New Users

An Infotech® Digital ID confirms your identity as the authorized signer of your company and allows you to securely sign documents, such as bids or contracts, in an Infotech service.

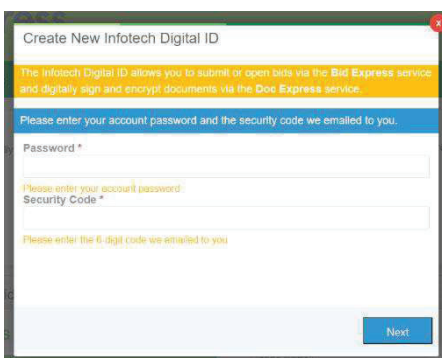

You must have a Digital ID created and approved before using any feature that requires a digital signature, such as advertising a solicitation, conducting a bid opening, submitting a bid in the Bid Express® service, or signing a contract document in the Doc Express® service.

Before you begin

- You'll need access to your email in order to receive a verification code.
- You'll need a copy of the your driver's license, passport, or state ID in a file that can be uploaded.
- An Infotech customer support representative will call you, hopefully within one business day, to confirm your identification.
- The ID must be installed after the identify is confirmed.
- It may take up to seven days to complete the entire process.

Ready to apply for your Digital ID?

Go to your account pages by selecting **My Account** from the **three lines** in the upper left corner. Click **Digital ID** from the sidebar menu.

1. Click **Create Digital ID** to start the application.
2. Get the security code from your email and come back to the generate ID process.
3. Enter your account password and the code. Click **Next**.
4. Read the creation information and click **Next**.
5. Click **Attach Identification**. Navigate to and select the file

containing your ID and click **Open**.

6. Enter your name EXACTLY as it appears in the ID, including any punctuation marks or suffixes (like Jr.), and in legal order. Click **Next**.
7. Enter your contact phone number.
8. Enter the state where the company headquarters are located. Click **Next**.
9. Review your business information. Confirm that the name of the person listed is the authorized signer for your company and your company name matches how you would like to submit bids to the agency. Click **Submit**.

A member of the customer support team will call you after the application is processed, hopefully within one business day, to confirm who you are. Once that happens, you'll get an email with instructions on installing your multi-browser Digital ID.

"FedEx First Overnight" delivery is suggested as the package is delivered directly to the DOT Headquarters Building, Mailroom, 24 Child Street, Augusta. Basis of Award and Assignments

The Department may award contracts to all responsive, responsible bidders that have the ability to respond in a timely manner and are experienced/qualified and meet “Contractor requirements”.

The dollar amount of this Contract does not guarantee that the Department will assign Work for any or all of the total amount.

The Department and each responsive Bidder may enter into a Contract that will obligate each Contractor to perform work at prices listed by the bidder in the Schedule of Items depending upon the needs of the Department according to the following terms. Work will be assigned under these contracts according to the following process: The Department will estimate the Contractor with the lowest cost for the particular Work (the “Assignment”) based on the individual unit bid prices for the total quantity of estimated work in that Assignment. **The Department will offer to assign the Work to the Contractor with the lowest cost for the particular Work (the “Assignment”),** that indicated willingness to work in the assignment location, with the ability to perform the Work, and that Contractor will have first option to perform work. Contractors are not required to accept work. If Contractors do not respond to requests for assignments in the allotted time, The Department shall proceed as if the Contractor has declined the assignment. If this Contractor is unable to accept the Assignment, respond in the necessary and appropriate time for the Assignment, complete the Assignment in the allotted time, or does not have the equipment, experience or ability to complete the Assignment, then the Contract Administrator will contact the firm that is estimated to have the next lowest assignment cost to see if that Contractor will accept the Assignment and subsequent Contractors in ascending order of the amount of their bids, until a Contractor accepts the Assignment. The Department will estimate for a particular Assignment based on the individual unit bid prices for the total quantity of estimated work in that Assignment. The Department and the Contractor shall mutually agree to quantities and schedules prior to the Contractor beginning the Assignment. Contractors are not required to accept all assignments offered. The Contractor shall respond in a timely manner in accordance with a schedule approved by the Department. The Contractor shall notify Contract Administrator, prior to working at any facility.

In the case of an emergency for which the response time does not allow for the preparation of a bid solicitation, and the Department has determined the work required can best be addressed using one of these contracts, the Department will contact one or more of the Contractors. The Department will select a Contractor to call based on an evaluation of rates, experience and equipment, willingness to perform work in the applicable county, geographic proximity, response time, and determination of what is in the best interest of the State. The Contractor shall have one half (1/2) hour to accept or decline. The Contractor shall be onsite in less than three (3) hours unless the Department has directed otherwise.

Not all plumbing services will be done under these contracts. These Contracts will not include Work that falls under Capital Work Plan or Program projects, moveable bridges, separately advertised projects, and repair or Ferry/Marine services. Work may also be done by the Department. Emergency Work may be done by other means not associated with this solicitation.

Bidder Requirements Post-Bid, Pre-Award

In order to be considered for the award of this contract, the Bidder and key employees that will be assigned to the Work in this Contract shall have successfully completed projects of similar size and scope and have sufficient experience in plumbing. Said experience shall include, at a minimum, at least three (3) years of plumbing of equal or greater complexity than the work required by this Contract completed by the Bidder in the last five (5) years.

Prior to Award, the Apparent Successful Bidders must submit proof of at least one Licensed Maine Master Plumber and proof of other Maine plumbing licenses held by company, owners or employees.

The Bidder shall be able to comply with the Contract Requirements, be able to deliver according to the contract schedule, and have a history of satisfactory performance.

The Department will notify the Apparent Successful Bidder of any requirements for post-bid, pre-award qualifications and the Bidder shall provide all of the items within 7 days of the notice. The Contractor shall submit two copies or an electronic copy of all required submittals to the Department.

The Bidder may be required to submit evidence of compliance with all Contractor Requirements set forth in this Contract.

If the Bidder does not have a history of satisfactory performance performing similar Work under contracts with the Department that meets the Contractor Requirements regarding experience, the Bidder may be required to submit written documentation setting forth the experience of the Bidder and subcontractor(s) who will be performing the Work specified in the contract documents, including a description of similar construction projects completed in the last five years that highlight the Bidder's and subcontractors' related experience. Such information shall include:

1. the Company's history and experience of work related specifically to the Scope of Work in this contract;
2. the name of the owner for whom the work was performed;
3. the name and telephone number of a contact person;

Upon receipt of the pre-award submittals, the Department will review the submissions and determine if the submitted evidence or information satisfies the Department requirement that the bidder is qualified to properly carry out the terms of the Contract.

Bidders shall ensure that all information required herein is submitted. Provision of inaccurate information or failure to provide all completed and required information may result in the Bidder being determined to be "Not Qualified" or disqualified as non-responsive. Within 14 days, the Department will review the submissions and determine if the available evidence or information satisfies the Department requirement that the bidder is qualified to properly carry out the terms of the Contract. The Department reserves the right to communicate in writing with Bidders, if needed, to obtain additions to and/or clarification of information contained in the submittals received. The Bidder shall have 3 days to submit additions and clarifications. The Bidder will have no additional opportunity to submit or clarify information. The Department will not provide an opportunity for the Bidder to meet to present evidence.

The qualifications submitted will be checked for general conformance with the concept of the project and compliance with the requirements set out in the Contract Documents. This review does not modify the Contractor's duty to comply with the Contract documents. No review or comment by the Department, or any failure to review or comment, shall absolve the Contractor of its responsibility or to shift any responsibility to the Department.

Based on these submissions, the Department will make one of the following determinations:

1. Qualified - The Contractor has satisfied the post-bid, pre-award qualification requirements and demonstrated to the Department's satisfaction that it is responsible, can meet the Contractor Requirements set forth in this contract, and is qualified to perform this type of work.
2. Not Qualified - Bidder is not qualified to properly carry out the terms of the Contract and/or the submission does not meet specifications and accepted standards and is not acceptable, as determined by the Department.

There is no Appeal process and the determination of "Not Qualified" is final. The Department will reject the bid as non-responsive, and the Award process will proceed without the unqualified Bidder.

The Department will notify the Bidder of its determination in writing. If a determination of “Not Qualified” is rendered, the notice will set forth reasons to the extent practical. Such reasons may include the following:
