Subject: **Sebec**
State Pin No: 011486.00
Amendment No. 2

Dear Sir/Ms:

The following question has been received:

Question: Amendment # 1 calls for a 54" plus or minus ID pipe liner. Under the F-714 material specification there is no product available, the material under this specification would be 54" OD with a 50.68" ID. Can you please clarify the material size required and type?

Response: Choose the largest ID pipe that meets specifications, and can fit into the existing squatted CMP. The 54"± is an estimate, not an exact ID.

Consider this information prior to submitting your bid on May 11, 2011.

Sincerely,

Scott Bickford
Contracts & Specifications Engineer
