COMMISSIONER

April 12, 2019
Subject: Highway Reconstruction &
Bridge Replacements
State WINs: 011577.00 & 021692.00
Location: **Hampden**
Amendment No. 2

Dear Sir/Ms.:

The following question has been received:

Question: We are inquiring about the Concrete Slipform Curbing. We needed to know the total LF of Molds 1 and 2 as they are on binder. Do you think it is possible to put mold 6 on either binder or concrete? If so we can do a proposal on that as well.

Response: 5534 LF of Mold 1 and 841 LF of Mold 2 are estimated for this project. Mold 6 curb shall be installed as per Detail A in the typical on page 4 of the plan set.

Consider these changes and information prior to submitting your bid on **April 17, 2019**.

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
