Subject: **Leeds**
Federal Project No: STP-1266(900)X
State PIN: 012669.00
Amendment No. 1

David Bernhardt
COMMISSIONER

Dear Sir/Ms:

Make the following change to the Bid Document:

In the Plans Sheet Number 8 of 113, **ADD** the following note in pen and ink;
"52. Item 304.09 – Aggregate Base Course – Crushed shall be Type B."

The following questions have been received:

Question: Item 304.09 "Aggregate Base Course – Crushed", can not find designation of Type A or B on the plans – which is it?

Response: Type B

Question: Reference the Plans, General Note #1; does the remaining 25% become the property of the Contractor?

Response: Yes

Question: Item #202.202, is there any information regarding the depth of the existing pavement? If not, how much should be assumed?

Response: There is approximately 7.5" with the addition of a MST overlay (5/8" on center) that was done after borings were collected. If the contractor would like more data see gen. note # 44. (Pavement depths are included in the soils report.) The soils report has been posted to the website.

Consider this change and information prior to submitting your bid on June 29, 2011.

Sincerely,

Scott Bickford
Contracts & Specifications Engineer
