Amendment No. 2

Dear Sir/Ms:

Make the following change to the Bid Documents:

In the Plans, Sheet Number 9 of 77, "GENERAL NOTES"; **DELETE** in its entirety note # **9**. Make this change in pen and ink.

The following question has been received:

Question: In the plans, page 9, General Notes, Note #9 states "if foundation material is required under culverts ... and will be paid as granular borrow. Note 20 refers to the 603 items and states "All pipe excavation ... and granular borrow under pipes - is incidental. The detail on sheet 5 "Cross Culvert in Frost Susceptible Soils" shows excavation and granular borrow. Can we assume both granular borrow and excavation will be paid for by this item when this detail applies?

Response: Granular borrow and excavation associated with the drainage structure transitions as depicted in the detail on sheet 5 will be paid for under the respective contract borrow and excavation items. Please see the above pen and ink change.

Consider this change and information prior to submitting your bid on June 27, 2012.

Sincerely,

George M. A. MacDougall P.E.
