State Pin No: 017514.12
Amendment No. 1

Dear Sir/Ms:

Make the following change to the Bid Document:

In the Bid Book after page 35, **ADD** the attached "SPECIAL PROVISION, SECTION 652, MAINTENANCE OF TRAFFIC" 1 page dated April 22, 2011.

Consider this change and information prior to submitting your bid on June 1, 2011.

Sincerely,

FOR Scott Bickford
Contracts & Specifications Engineer

PRINTED ON RECYCLED PAPER

SPECIAL PROVISION
SECTION 652
MAINTENANCE OF TRAFFIC

Approaches. Approach signing for work on the Route 1 shall include the following signs shown on the Standard Maintenance of Traffic in Construction Zones for "Shoulder Work with Minor Encroachment".

Road Work Ahead
Shoulder Closed
End Road Work

The above lists of Approach signs and Work Area signs are representative of the contract requirements. Other sign legends may be required.

General Requirements. Two lanes of traffic shall remain open at all times.

The Contractor shall provide a minimum traveled way width of 12 feet.

Temporary lane closures shall have prior approval from the Resident Engineer.

All construction work shall be confined to the shoulder closures.

Channelization. Channelization devices shall include the following:

Cones

Channelization devices shall be installed and maintained at the spacing determined by the MUTCD to delineate travel lanes through the project.
