Subject: **Fairfield**  
Federal Project No: IM-1778(200)E  
State WIN: 017782.00  
**Amendment No. 1**

Dear Sir/Ms:

The following questions have been received:

**Question:** Was the intent of General Note 13 on Sheet 2 regarding traffic data collection capability intended to apply to all radar detectors?

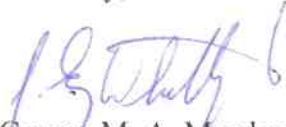

**Response:** No. It was intended to apply to side-fire radar only (radars on poles 6, 17, 27 and 29).

**Question:** MaineDOT has recently installed Wavetronix SmartSensor HD radar for a project in Kittery. It is the next generation of side-fire radar and has higher accuracy than the Wavetronix SmartSensor V model specified in General Note 12 on Sheet 2. Would MaineDOT prefer to use the SmartSensor HD model instead of the SmartSensor V model for the Fairfield project?

**Response:** No

Consider this information prior to submitting your bid on November 7, 2012.

Sincerely,

  
George M. A. Macdougall P.E.
