Amendment No. 2

Dear Sir/Ms:

The following question has been received:

Question: Can the Department provide information on which piles of millings will be available under this contract?

Response: The Department wants all the millings cleaned up from the lot.

Question: The Department has quantified that there is 5400 plus cubic yards of millings available. Where this is a lump sum contract, how will the Contractor be compensated for any adjustments to that quantity, whether it is more or less than the 5400 cubic yards specified?

Response: The Department surveyed the pile and we are confident with the quantity. No pay adjustments.

Consider this information prior to submitting your bid on November 3, 2010.

Sincerely,

Scott Bickford
