David Bernhardt
COMMISSIONER

March 6, 2018
Subject: Highway Reconstruction
State WIN: 018253.00
Location: **Belgrade**
Amendment No. 2

Dear Sir/Ms.:

The following questions have been received:

Question: With the length of project going until October 19, 2019, is it possible that the lighting be paid for as material stored, as cost will change from this year to next?

Response: Please see Standard Specification 108.4 Payment for materials obtained and stored.

Question: Will the Contractor be responsible for snow removal/deicing/travel way maintenance during the winter months for this project or will MaineDOT? If it is the Contractor's responsibility, can MaineDOT provide details on what is expected general snow removal maintenance, salt application rates, etc.

Response: Please see Standard Specification 107.5.1 Winter suspensions.

Question: Will MaineDOT require a field office before work starts in September 2018?

Response: MaineDOT will not require a field office until work begins in September 2018.

Question: Will MaineDOT be responsible for maintenance of traffic during summer suspensions?

Response: Please see Standard specification 107.5 Suspension of work

Consider these changes and information prior to submitting your bid on **March 7, 2018**.

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
