Amendment No. 2**

Dear Sir/Ms.:

The following questions have been received:

Question: In the general notes, (pg. 30) under Delivery it states "NBM will supply railroad ballast cars with a capacity of 70 tons and a limited number are permitted to leave the NBM system." How many cars will available and allowed to leave the NBM System?

Response: 7 NBSR ballast cars in Maine can go off line on a foreign railroad.

Question: May I have a list of all locations on the MNR Railway to load ballast into the rail cars?

Response: the locations are as follows:

- Oakfield yard
- Saint Croix siding - contact Irving Woodlands for permission
- Ashland Yard 4. Track
- Presque Isle Industrial Park Tater Meal track, contact Presque Isle Industrial Council for permission and details.

Consider these changes and information prior to submitting your bid on **August 5, 2020.**

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall".
