Paul R. LePage  
GOVERNOR

David Bernhardt  
COMMISSIONER

March 22, 2018  
Subject: Crack Sealing  
State WIN: 018995.11  
Location: **Region 1**  
**Amendment No. 1**

Dear Sir/Ms.:

Please make the following changes to the Bid Documents:

In the Bid Book:

**REMOVE** page 32, State Wage Rates, 1 page, dated February 12, 2018, and **REPLACE** with the attached, revised State Wage Rates, 1 page, dated March 19, 2018.

The following question has been received:

**Question:** There are 2 options on the product spec sheet, Letter A or Letter B. The bid item is for low modulus crack sealer applied, Product A is type 4 Low Modulus, is product B Low Modulus? Who is the manufacturer of product B? Do you know if there is more than 1 manufacturer of product B? Is product B and all the components of it field blended on the job site or is it blended during manufacturing?

**Response:** Product A does specify low moduli crack seal. Product B specifies a 64-28E PGAB asphalt modified with crumb rubber and polyester fibers meeting the percentages in the specification. It may not be a low moduli material and will not be tested as such.  
It is unknown to the Department whom may be the suppliers for this product. To be compliant with the specification for Product B, the manufacturer is responsible for adding the rubber, polymer, and fibers to meet the specification and certifying the material meets the percentages required. Any changes need Department approval.

Consider this change and information prior to submitting your bid on **March 28, 2018**.

Sincerely,

George M. A. Macdougall P.E.  
Contracts & Specifications Engineer
