Amendment No. 1

Dear Sir/Ms.:

The following question has been received:

Question: In past MaineDOT bids item 3424.3331-Fiber Reinforced Low Modulus or Fiber Modified Asphalt Crack Sealer was used, allowing an option of two materials. Will the Department consider changing the item in this contract #424.24, which does not allow the use of Fiber Modified Asphalt to item #424.3331?

Response: The Contractor shall submit a bid according to the Bid Documents. If the Contractor and the Department agree to use a fiber reinforced crack sealer, this will be done through a Contract Modification.

Consider these changes and information prior to submitting your bid on **April 3, 2019**.

Sincerely,

for
