Amendment No. 1

David Bernhardt
COMMISSIONER

Dear Sir/Ms:

The following questions have been received:

Question: End Wall Panels, can Bi-Rib panels by Metal Sales screw on type be used?

Response: Refer to Section 07467, Metal Siding – Part 2 – 2.1 – A. Note last two words of sentence “or equivalent”. If product meets or exceeds Everlast 2 II, the Department may accept it.

Question: End walls, can OSB be used instead of Advantech?

Response: No

Question: End Wall Caps, can the typical 6” x 6” end caps be used and if so, can they be screwed to the roof?

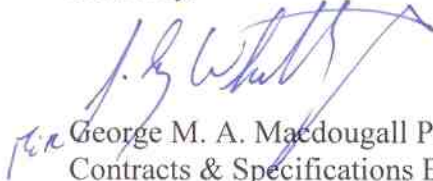

Response: Yes, as long as the Caps meet the manufacturers specifications for proper weather sealing.

Question: Is there any plywood on the inside of the building?

Response: No

Consider this change and information prior to submitting your bid on July 11, 2012.

Sincerely,

George M. A. Macdougall P.E.
