Amendment No. 1

Dear Sir/Ms.:

The following question has been received:

Question: Do you know when the last time these were clean correctly?

Response: In general, catch basins are cleaned either every year (last cleaning 2021) or every other year (last cleaning 2020). For informational purposes only, a spreadsheet with a complete list of catch basin locations and the year (odd, even, or every) in which they are scheduled for cleaning has been posted to the MaineDOT web site under the heading "Cleaning Schedule Spreadsheet (informational)".

Consider these changes and information prior to submitting your bid on **July 20, 2022**.

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall".
