The following questions have been received:

Question: What is a Lessor's certificate and where can we obtain one?

Response: The Department will accept equipment without a Lessor’s certificate. All information required to register the equipment supplied to the MaineDOT shall be sent to each Region’s contact within 7 calendar days of the Executed Contract date.

Question: Where would we get temporary registrations until the machine is registered?

Response: The Department will accept equipment without temporary registration.

Question: We've never had equipment inspected for a Maine inspection sticker - where would we do this?

Response: The Department will accept the equipment without a State of Maine inspection sticker.

Question: Please confirm duration of contract. The front page of the BP states this is a 3-year term and per p. 14; this contract commences when executed and expires on November 30, 2026.

Response: The duration of the contract is from the time the Contract is executed until the expiration date. The equipment will be used for approximately 32 calendar months within that time frame. In the Bid Book refer to Page 12 **Proposal Schedule of Items (Dates)** The total CM (calendar months) is 32.

Question: Can you please confirm the total Quantity of Skid Steers that will be rented at one time?

Response: In the Bid Book refer to Page 12 **Proposal Schedule of Items (Quantity)** 2 skid steers.

Question: On the Proposal Schedule it says 32 CM for the Approximate Quantity. Can you please confirm what "CM" is abbreviated for?

Response: CM stands for Calendar Month.

Make this change in pen and ink.

Consider these changes and information prior to submitting your bid on **February 21, 2024**.
