Amendment No. 3

Dear Sir/Ms.:

The following question has been received:

Question: Special Provisions section 203 (Dredge Materials) indicates that "...Dredge materials will be measured by the cubic yard of material removed. Special Waste properly disposed of will be measured by the ton." This pay item is by the "Ton". Please clarify, is this material paid to be excavated by "CY" AND paid to be disposed by "Ton"? If paid for excavation by "CY", which pay item includes this quantity?

Response: Disposal of Special Waste shall be full compensation for excavation, dewatering, testing, managing, transporting, disposal or placement, and all associated fees. Payment is by the ton.

Consider these changes and information prior to submitting your bid on **July 27, 2022**.

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall".
