Location: **Edgecomb**
Amendment No. 1

Dear Sir/Ms.:

The following question has been received:

Question: Note 15 in the 401 states that the entire 4.5" HMA base pavement section shall be completed before winter suspension. Is it the intent that the contractor is going to base pave in 2020, or is this a typo?

Response: With the timing of Bid Opening and Award the Department does not anticipate any base pavement placement this year, although possible. If the Contractor elects to excavate and base pave a section of the Project before seasonal deadlines, 4 ½ inches of mix will need to be placed before winter shutdown this year.

Consider these changes and information prior to submitting your bid on **October 14, 2020**.

Sincerely,

A handwritten signature in blue ink that reads 'George Macdougall'.

George M. A. Macdougall P.E.
