024050.00 & 024052.00
Location: **Bristol Area**
Amendment No. 1

Dear Sir/Ms.:

The following questions have been received:

Question: Will there be any shimming on this contract. If so, how much, what kind of shimming (quarter shims, full shims, spot shims, etc.), and will the Department mark them out prior to the bid so that the Contractor can account for the shimming?

Response: It is stated on page 7 of 7 of the Special provision 401 "The Contractor shall spot shim in locations directed by the Department". If the Department decides to spot shim they will be marked out accordingly.

Question: Will the Department be willing to increase or decrease the total days on the contract for an increase or decrease in the butt joint quantity?

Response: If the Contractor is asked to perform extra work they will be given extra time based on the amount of additional work.

Consider these changes and information prior to submitting your bid on **February 28, 2018**.

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
