COMMISSIONER

December 31, 2024
Subject: Mitchel Bridge Replacement
State WIN: 022238.00
Location: Gorham & Scarborough
Amendment No. 1

Dear Sir/Ms.:

The following questions have been received:

Question: We are wondering if we can divert the Nonesuch River on the south side of the new box culvert. The river runs right beside the road and to us it seems like a much better method than to try to bypass pump. We didn't see anything in the plans or specs that indicated yes or no.

Response: The Contractor is responsible for selecting a method of water control during construction that meets the requirements of Special Provision Section 105 General Scope of Work (Environmental Requirements).

Consider these changes and information prior to submitting your bid on **January 8, 2025**.

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
