COMMISSIONER

November 16, 2018
Subject: Barbers Island Bridge
Rehabilitation
State WIN: 022607.00
Location: **Boothbay**
Amendment No. 1

Dear Sir/Ms.:

Please make the following changes to the Bid Documents:

In the Bid Book:

CHANGE on page 14, Notice to Contractors, the Bid Opening date from November 28, 2018, to read "**December 5, 2018**". Make this change in pen and ink.

REMOVE page 93, SPECIAL PROVISION – SECTION 502 – STRUCTURAL CONCRETE – (QC/QA Acceptance Methods), 1 page, dated October 5, 2018, and **REPLACE** with the attached, revised SPECIAL PROVISION – SECTION 502 – STRUCTURAL CONCRETE – (QC/QA Acceptance Methods), 1 page, dated November 13, 2018.

The following question has been received:

Question: Due to the complex nature of the project and the two-day holiday the week before, we respectfully request a two-week extension to the bid date.

Response: See above changes.

Question: I would like to respectfully request a bid extension for this project. We are a mechanical equipment supplier for projects like this one. The general contractors get these projects and review them, then send to us to request the mechanical quotes. That delay, along with a tight bid schedule, and a holiday, gives us little time to put together a good, quality quote. Some of our materials costs can be estimated best with quotes from material suppliers. Some of the foundries are not fast with turnarounds on quotes due to the need to work up pattern costs, along with size of pour etc. An extension would help us supply the best possible quote for mechanical materials.

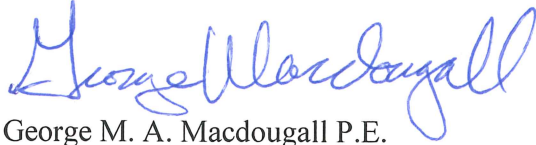

Response: See above changes.

PRINTED ON RECYCLED PAPER

Consider these changes and information prior to submitting your bid on **December 5, 2018**.

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer

SPECIAL PROVISION
SECTION 502
 STRUCTURAL CONCRETE
 (QC/QA Acceptance Methods)

CLASS OF CONCRETE	ITEM NUMBER	DESCRIPTION	P	METHOD
A	502.23	Structural Concrete Piers	\$400	A
S	502.24	Structural Concrete Piers (Placed Under Water)	-	C
LP, Lightweight	502.251	Grid Reinforced Concrete Deck	\$425	A
LP	502.2301	Structural Concrete Piers, High Early Strength	\$425	A
LP	502.49	Structural Concrete Curbs and Sidewalks	-	C
Fill	502.565	Concrete Fill	-	C
LP	526.34	Permanent Concrete Transition Barrier	-	C
LP	626.32	Cast in Place Foundation	-	C
LP	626.37	Cast in Place Foundation	-	C

P values listed above reflect the price per cubic yard (yd³) for all pay adjustment purposes.

The quantity used for Pay Adjustment purposes shall be the actual quantity of cast in place concrete placed and accepted. This quantity shall be computed by the Contractor and submitted to the Resident for approval.
