Dear Sir/Ms.:

The following questions have been received:

Question: Could the precast sections be cast in smaller pieces? For example, 6 sections instead of 4 to achieve the same overall width as detailed in the specification?

Response: No. The slabs shall be constructed as designed in the contract.

Question: Please confirm that only 1 side of the bridge will be receiving the new concrete approach slabs.

Response: Yes, the south end of the bridge is the only end having approach slabs installed.

Consider these changes and information prior to submitting your bid on **February 21, 2018**.

Sincerely,
