Subject: Mattawamkeag Bridge
Replacement
State WIN: 023234.01
Location: Mattawamkeag
Amendment No. 4

Dear Sir/Ms.:

Please make the following changes to the Bid Documents:

In the Bid Book:

REMOVE the CONTRACT AGREEMENT, OFFER & AWARD, 2 copies, 4 pages each, from Amendment No. 3, and **REPLACE** with the attached, revised CONTRACT AGREEMENT, OFFER & AWARD, 2 copies, 4 pages each.

In the Plan Set:

On SHEET NUMBER 37 OF 69, PIER NOTES, **CHANGE** Seal Cofferdam Notes, #7, the second sentence which begins "The final core run shall..." to read "**The final core run in each seal core location shall sample the bedrock interface and a minimum of one (1) foot of bedrock.**" Make this change in pen and ink.

The following questions have been received:

Question: 6" Insulated pipe running through 14" DI Casing will only allow enough space for a bottom half of a casing spacer with a stainless steel band on top. Please confirm that this is acceptable or if we need to up-size the casing pipe for the 6" side.

Response: The carrier pipe will need to accommodate casing spacers installed as recommended by the manufacturer. Casing spacers with short runner heights may be used to accommodate the installation. If smaller casing spaces are not available, the sleeve may be upsized to no more than an 18 ½" outer diameter in order to fit in the 20" block out in the bridge backwall. The additional cost of labor and materials to upsize the sleeve in order to install the piping system in accordance with the manufacturer's recommendation should be considered in the bid.

Question: For the finger joint at abut 1, is non-skid surface required on the 1" roadway plates? If so, can this be accomplished with traction studs? Raised pattern deck plate is not available domestically in that thickness.

Response: A non-skid surface is required on the 1" roadway plates. Traction studs are not permitted to accomplish the non-skid surface.

Question: What allowance value is to be carried for item 832.07?

Response: The amount of this allowance is \$2,000.00.

Question: This states both Buy American and AIS. For the municipal(sewer) sections, AIS required due to SRF Funds?

Response: Yes, AIS is required for the municipal sewer due to SRF funds.

Consider these changes and information prior to submitting your bid on **September 23, 2020**.

Sincerely,

George M. A. Macdougall P.E.
