GOVERNOR

David Bernhardt
COMMISSIONER

April 17, 2018
Subject: Cyclical Pavement
Resurfacing and Placement of HMA
With Safety Improvements
State WIN: 023322.00
Location: **Kennebunk, Arundel,
Lyman & Dayton
Amendment No. 1**

Dear Sir/Ms.:

The following question has been received:

Question: On Cyclical Paving jobs are side roads being treated like 3/4" overlays that we nip the butt joint as reasonably to the mainline that will suffice.

Response: Depends on side road geometry. Where possible there will be a short butt joint caught with the wing on the way by. Some may require more to properly match in, and will have to be paved as a separate operation.

Consider these changes and information prior to submitting your bid on **April 18, 2018**.

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
