Location: **Carmel, Etna, Newport,
Palmyra & Plymouth**
Amendment No. 2

Dear Sir/Ms.:

The following question has been received:

Question: How will the portable concrete barrier and crash cushions needed for the bridge joint and concrete repairs be paid for?

Response: If the Contractor chooses to utilize portable concrete barrier, crash cushions, or other traffic management devices for the work outlined in the Specifications and on the Plans, these items will be considered incidental to the appropriate bid items. The Contractor shall supply the manufacturer's specifications of the barrier, crash cushion and any other devices they intend to use as part of the traffic control plan submittal.

Consider these changes and information prior to submitting your bid on **March 17, 2021**.

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall".
