Bruce A. Van Note
COMMISSIONER

April 11, 2019
Subject: Higgins Bridge Culvert Replacement
State WIN: 023899.00
Location: **Gorham**
Amendment No. 1

Dear Sir/Ms.:

The following questions have been received:

Question: Will tack be required between the two layers of temporary pavement-Item 461.131? If yes will it be paid for under Item 409.15?

Response: Tack coat is not required between layers of temporary pavement. The Contractor will be responsible for maintaining the temporary pavement during construction.

Question: What are the on-site QC testing requirements for item 461.131?

Response: MaineDOT will take verification samples of the supplied temporary pavement mixture. QC testing is the responsibility of the Contractor for all temporary pavement.

Consider these changes and information prior to submitting your bid on **April 17, 2019**.

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
