Subject: Ditching & Culvert Replacements
State WIN: 023964.00
Location: **Monmouth & Winthrop**
Amendment No. 3

Dear Sir/Ms.:

The following questions have been received:

Question: 610.18 Stone Ditch Protection – I cannot find a specific detail for this. Will this be lined with fabric? What is the typical depth?

Response: The stone ditch will be approximately 1 foot deep x 5 feet wide, with NO geotextile.

Question: If the mulch and erosion control blanket need to be installed daily, is it acceptable to spray the hydroseed over the erosion control blanket?

Response: Hand Seeding will be done under the ditch blanket and then hydro seed over the entire exposed area INCLUDING the ditch blanket.

Consider these changes and information prior to submitting your bid on **December 12, 2018**.

Sincerely,

George M. A. Macdougall P.E.
