COMMISSIONER

March 8, 2019
Subject: Cyclical Pavement Resurfacing
with Drainage & Safety Improvements
State WIN: 024035.00
Location: **Gorham**
Amendment No. 1

Dear Sir/Ms.:

The following questions have been received:

Question: Can you provide stations for guardrail items 606.1301 and 606.1306?

Response: Item 606.131 Station 54+00 to 56+00 RT
Item 606.1306 Station 54+67 RT & Station 56+34RT

Question: Are the guardrail posts 7' or 8'?

Response: The guardrail posts are 8 feet.

Question: In the schedule of values there is a field office type D called out (Item 639.21). Due to the short length of this project and size of this project is a field office really going to be required? If yes please supply more information on size requirements and what is required to be supplied for a "type D" field office.

Response: Please refer to Special Provision 639 on page 85 of the Contract Bid Book for supply requirements for Item 639.21. There is no physical field office. The Contractor shall supply equipment to be used by the Resident. Delivery location and time shall be coordinated with the Resident.

Consider these changes and information prior to submitting your bid on **March 13, 2019**.

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
