Amendment No. 1

Dear Sir/Ms.:

The following question has been received:

Question: Can the department provide the existing pavement depth for Item 202.202
Removing Pavement Surface?

Response: Information from past projects indicate that there is approximately 3 to 4 inches of existing hot mix asphalt pavement with an underlying variable depth recycled layer in the travel way and 3 inches of existing hot mix asphalt pavement in the shoulders.

Consider these changes and information prior to submitting your bid on **April 15, 2020**.

Sincerely,

A handwritten signature in black ink that reads 'George Macdougall'.
