Subject: Bridge Wearing Surface  
Replacements  
State WINs: 024760.00 & 024762.00  
Location: **Beddington & T30 MD BPP  
Amendment No. 1**

Dear Sir/Ms.:

Please make the following changes to the Bid Documents:

In the Bid Book:

On page 30, in the "CONSTRUCTION NOTES, ITEM 508.14 HIGH PERFORMANCE WATERPROOF MEMBRANE", **CHANGE** the section which begins with "Beddington, Blacks..." to read, "Beddington, Blacks Tannery Bridge # 5648 on Route 9. The Contractor shall replace membrane where directed by the Resident in locations in which the membrane is damaged or separated from the existing deck and where existing deteriorated concrete has been repaired/replaced under this contract. Make this change in pen and ink.

The following question has been received:

**Question:** In reference to the scope of work on Blacks Tannery Bridge #5648; is item 508.14 - HIGH PERFORMANCE WATERPROOF MEMBRANE intended to be used if and where spot concrete deck repairs are required, or is all the existing pavement and membrane on the bridge to be removed and replaced?

**Response:** See the change in the Construction Notes. Not all pavement and membrane is being removed and replaced, this item is intended for use where repairs are made under this contract.

Consider these changes and information prior to submitting your bid on **August 15, 2018**.

Sincerely,

George M. A. Macdougall P.E.  
Contracts & Specifications Engineer
