March 29, 2021
Subject: Pavement Milling & Ultra-Thin
Bonded Wearing Course with Safety
Improvements
State WIN: 024917.00 & 024919.00
Location: **Dexter, Guilford & Sangerville
Amendment No. 1**

Dear Sir/Ms.:

The following question has been received:

Question: Will Maine DOT allow the use of the Fiber Modified Asphalt Compound as an alternate material as described in Maine DOT Standard Specification item 424.3331? It is expected that the guidelines for installation within the bid for item for 424.24 would be followed.

Response: The Department will not consider allowing the use of the fiber modified asphalt sealant described as an option in special provision 424.3331 for use on Ultra-Thin Bonded Wearing Course projects.

Consider these changes and information prior to submitting your bid on **March 31, 2021**.

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall".

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
