January 20, 2026
Subject: Joshua Chamberlain Bridge
#5312
Prebuy contract for modular joint
State WIN: 025313.10
Location: **Bangor-Brewer**
Amendment No. 2

Dear Sir/Ms.:

Please make the following changes to the Bid Documents:

In the Bid Book

Remove pages seventeen & twenty titled MAINE DEPARTMENT OF TRANSPORTATION CONTRACT AGREEMENT TO PURCHASE SUPPLIES, MATERIALS AND/OR EQUIPMENT FOR A SPECIFIC PROJECT totaling two pages and **Replace**. With the attached MAINE DEPARTMENT OF TRANSPORTATION CONTRACT AGREEMENT TO PURCHASE SUPPLIES, MATERIALS AND/OR EQUIPMENT FOR A SPECIFIC PROJECT totaling one page

Remove Page twenty-seven dated November 6, 2025, and **Replace** with the attached Page twenty-seven dated January 16, 2026

The following question has been received:

Question: A delivery date of June 6th would be very aggressive and, realistically, likely not attainable when accounting for shop drawing review and approval, fabrication, testing, and associated lead times. A delivery date in the mid to late July time frame would be more achievable. Could this be considered as a revised delivery date?

Response: MaineDOT has changed the delivery date to July 15, 2026. Please review the revised pages noted above in the bid book.

Consider these changes and information prior to submitting your bid on **January 21, 2026**

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall". The signature is written in a cursive style with a large initial "G".

George M. A. Macdougall P.E.
Contracts & Specifications Engineer

MAINE DEPARTMENT OF TRANSPORTATION
CONTRACT AGREEMENT TO PURCHASE SUPPLIES, MATERIALS
AND/OR EQUIPMENT FOR A SPECIFIC PROJECT

This Agreement (the “Contract”) is entered into between the Maine Department of Transportation (“Department” or “MaineDOT”) with its principal office located at Child Street, Augusta, Maine, and a mailing address of 16 State House Station, Augusta, Maine 04333-0016, and _____ (“Contractor”), a corporation or other legal entity organized under the laws of the State of _____ with its principal place of business located at _____, and a mailing address of _____ and a telephone number as follows: _____.

The Vendor Customer Number of the Contractor is _____.

MaineDOT, requested bids for the sale and delivery of the Materials, Supplies, and Equipment (the “Materials”) described in the Contract Documents. The terms and conditions of the purchase of the Materials are set forth below:

A. Deliverables.

The Contractor agrees to provide the Materials known as **Modular Expansion Device - Fabricated and Delivered** more specifically described in Appendix A for use in MaineDOT **WIN 025313.10** (the “Project”).

B. Time.

This Contract becomes effective on the date last signed below. The Contractor agrees to deliver the Materials on or before **July 15, 2026**. The actual delivery date of the materials shall be determined by the project schedule and coordinated with the MaineDOT (the Department) in conjunction with the Department’s Contractor responsible for installing the Modular Joint.

C. Price.

The Unit Price(s) offered by Contractor and accepted by MaineDOT, and the quantities given in the Schedule of Items of the Bid Package, will be used as the basis for determining the original Contract amount set forth in section G below.

D. Contract Documents.

The Contract consists of this Agreement and the following attachments which are hereby incorporated into the Contract as part of its terms and conditions:

Appendix A--Description of Materials, Supplies, Equipment and Bid Price
Appendix B--Special Provisions for the Purchase of Supplies, Materials or Equipment

C. Price.

The Unit Price(s) offered by Contractor and accepted by MaineDOT, and the quantities given in the Schedule of Items of the Bid Package, will be used as the basis for determining the original Contract amount set forth in section G below.

D. Contract Documents.

The Contract consists of this Agreement and the following attachments which are hereby incorporated into the Contract as part of its terms and conditions:

- Appendix A--Description of Materials, Supplies, Equipment and Bid Price
- Appendix B--Special Provisions for the Purchase of Supplies, Materials or Equipment

Description The Manufacturer shall furnish and deliver the materials listed in the Schedule of Items in this Appendix in accordance with the contract documents. The item must meet the requirements of this Contract, the Plans, the State of Maine, Department of Transportation, Standard Specifications, March 2020 Edition including, but not limited to Section 522 – Expansion Devices – Modular, and Standard Details March 2020 Edition as updated through advertisement, Supplemental Specifications, and Special Provisions including, but not limited to Special Provision, Section 522, **Expansion Devices – Modular** (Fabrication and Delivery).

Delivery The materials shall be delivered on or before July 15, 2026. The actual delivery date of the materials shall be determined by the project schedule and coordinated with the MaineDOT in conjunction with the Department’s Contractor responsible for installing the Modular Joint.

Unless agreed upon otherwise, the Manufacturer shall deliver the Modular Joint to the designated site only during the following times, Monday through Friday, 7:00AM through 5:00 PM, except for they may not work on holidays as defined in Appendix B nor government closure days. Delivery shall be coordinated with the Contract Administrator. The delivery date is expected to be by July 15, 2026. Upon receipt of the project installation schedule, the Department and the Manufacturer may agree to revise the date by which the materials shall be ready for delivery. This change will be done in the form of a written Contract Modification.

The Modular Joint shall be delivered to the following location by the Manufacturer:

Project: Bangor, Joshua Chamberlain Bridge WIN 025313.10

Location: Carmel Bridge Lot: 1542 Fuller Road, Carmel Maine 04419

Date: Must be delivered by July 15, 2026 (Department, installation Contractor and Manufacturer will decide exact date and time.)

The onsite Contractor who is installing the Modular Joint must give the manufacturer 7 calendar days notice of when the joint shall be delivered.

The Manufacturer shall be responsible for unloading the Modular Joint at or the designated site in a timely fashion. Any incidental materials needed to temporarily store the joint at the designated site shall be provided by the the Manufacturer.

The Manufacturer shall supply MaineDOT Fabrication Engineer at Fabrication.MaineDOT@maine.gov, and Senior Project Manager, Michael Wight at michael.wight@maine.gov with the appropriate project submittals. MaineDOT will provide the Manufacturer with the contact information for the Contractor responsible for installation of the Modular Joint upon award of the installation contract. The Manufacturer shall coordinate delivery of the materials with the Contractor responsible for installation of the Modular Joint and notify the MaineDOT Fabrication Engineer and MaineDOT Senior Project Manager, Michael Wight. The Department may assign a designated alternate to the Department contacts. The Manufacturer will be notified of any such change.
