Dear Sir/Ms.:

The following questions have been received:

Question: Spec section 643.72 Temp signals requires signals be equipped with Fire Preemption Equipment, and coordination with the Town of Anson Fire Dept. Anson is quite distant from this project location, and is not likely to be using Preemption Equipment. Please advise of the intent of this specification.

Thank you.

Response: Please replace "Town of Anson Fire Dept." with "Wilsons Mills Fire Department"
