Dear Sir/Ms.:

The following questions have been received:

**Question:** Sheet 2 of 10 under Estimated Quantities states the structural plate is polymer coated. Is galvanized steel acceptable, or does it need to be polymer coated?

**Response:** On WIN 25513.00, Remove all reference to pipe details of Polymer Coated and replace with Galvanized with pen and ink.

Consider these changes and information prior to submitting your bid on **January 29, 2025**.

Sincerely,
