Amendment No. 1

Dear Sir/Ms.:

The following questions have been received:

Question: Will a triple grouser steel track pad pass for a street pad in MaineDOT spec?

Response: The Department does not intend to allow a triple grouser steel track pad as an acceptable substitute for street pads for this contract, even though in the past the Department has allowed some of these based upon configuration and a low lag height.

Question: Is there a way a copy of the bid tab for the 2018 season can be had?

Response: Historical bid tabulations can be obtained at <http://www.maine.gov/mdot/contractors/>. Proceed to Bid Archives and search by year and bid opening date or search by using the term "Excavators".

Consider these changes and information prior to submitting your bid on **March 27, 2019**.

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
