Subject: Pavement Milling, Ultra-Thin
Bonded Wearing Course with Drainage &
Safety Improvements
State WIN: 025769.00
Location: **Farmington & Wilton**
Amendment No. 1

Dear Sir/Ms.:

The following question has been received:

Question: Are we required to use MASH end systems for this project or can we use the SRT 350-31?

Response: Please refer to the "Terminals for W-Beam Guardrail Systems" Qualified Products List. Anything on the list that doesn't say "For Repairs ONLY" is acceptable to use. SRT 350-31 is currently on the list and available for use.

Consider these changes and information prior to submitting your bid on **April 13, 2022**.

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall".

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
