Amendment No. 1

Dear Sir/Ms.:

The following question has been received:

Question: You are requesting metal siding in Everlast II 26-gauge patina green. We do not manufacture that specific panel in that color. I would like to substitute a 27-gauge omni Everlast II panel in Patina. The same look and dimensions just one gauge different. If you require 26-gauge, we would have to step up to a commercial PBR structural panel that is 36" coverage but the high ribs are 1 1/2" instead of the 3/4".

Response: A 27-gauge omni Everlast II panel in Patina is acceptable.

Consider these changes and information prior to submitting your bid on **May 20, 2020**.

Sincerely,

A handwritten signature in black ink that reads "George M. A. Macdougall".

George M. A. Macdougall P.E.
