COMMISSIONER

September 27, 2023  
Subject: Rewiring of Fyre Island Ferry  
Terminal  
State WIN: 025919.00  
Location: **Frye Island & Raymond**  
**Amendment No. 1**

Dear Sir/Ms.:

The following questions have been received:

**Question:** Will the ferry be available to the contractor for transportation to and from the island during the project?

**Answer:** The project will take place during the ferry offseason so there will be no regular scheduled trips throughout the day. The Town will provide a trip to the Island in the morning and return trip in the afternoon as requested by the contractor. There will be no fees to the contractor for use of the ferry. If the lake ices over in the winter the ferry will cease to operate and the contractor will need to secure alternate means of access.

**Question:** What electrical permits and inspections will be required of the contractor?

**Answer:** The contractor will be required to secure applicable electrical permits and coordinate necessary inspections with the authorities having jurisdiction. This will require coordination with the Town of Raymond for the Mainland Landing and the Town of Frye Island for the Island Landing.

Consider these changes and information prior to submitting your bid on **June 28, 2023**.

Sincerely,

A handwritten signature in blue ink that reads 'George Macdougall'.
