Location: Howland
Amendment No. 2

Dear Sir/Ms.:

The following questions have been received:

Question: Looking to clarify line item 480 (606.1721) bridge transition type 1. Due to the fact you are looking to install midway splice 31" w-beam guardrail (based on plans) should this be updated to a 1A system to allow that height of rail.

Response:

Pay Item 606.1721 is correct for connecting Steel Approach Railing, 3-Bar to 31" W-Beam Guardrail, Mid-Way Splice-Single Faced. See Standard Detail 606(23) revised December 29, 2020 and Standard Details 507(20- 27).

Consider these changes and information prior to submitting your bid on **July 15, 2026.**

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
