Subject: Traffic Signal Modernization
State WIN: 026134.00 & 026138.00
Location: Brunswick & Topsham
Amendment No. 1

Dear Sir/Ms.:

The following questions have been received:

Question: For Item # 643.21 - Non-Invasive Detection - StopLine - "The SBVD shall be supplied by Gridsmart/Cubic or Miovision."

Will MaineDOT accept the Currux Vision Single Point Video Detection System as an or equal product to the Gridsmart & Miovision products listed on page 60 of the special provisions?

Response: We will not consider the Currux Vision Single Point Video Point Detection an approved equal at this time. MaineDOT will accept a Gridsmart GS2 Processor and 360 camera or Miovision Core Processor with Detection Plus & Streaming Module with 360 camera for the Non-Invasive StopLine Detection.

Consider these changes and information prior to submitting your bid on **May 15, 2024**.

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall".
