COMMISSIONER

April 23, 2020  
Subject: Cold Storage Buildings  
State WINS: 026217.00 & 026219.00  
Location: **Enfield & Jonesboro**  
**Amendment No. 1**

Dear Sir/Ms.:

The following questions have been received:

**Question:** Does Project WINS 26217.00 & 26219.00 require contractor prequalification? The notice to contractors states that bids will be accepted from all bidders, therefore I assume not. If it is required, is there a deadline for submitting the application?

**Response:** Contractor prequalification is Not required.

**Question:** Will there be electrical work included in the job? Did not see spec section covering it.

**Response:** No.

**Question:** Supplemental Specifications section, pages 103 – 201. Do these specs refer to this job? Includes sign support systems, Traffic Signals, etc.

**Response:** Only those specifications that refer to the scope of work for this particular project.

**Question:** Will there be specifications for windows at front of each building? i.e. type, size, etc.

**Response:** Windows shall be approximately 2' x 16'. Refer to Special Provision 815, pages 86 and 87 of the Bid Book, General Requirements, number 19.

**Question:** Is there any additional unspecified site work other than foundation excavation?

**Response:** No.

**Question:** Expected start date?

**Response:** Refer to Special Provision 107 page 65 of the Bid Book. “The Contractor shall be allowed to commence Work on the Contract provided that the Contract has been awarded, all required plans/submittals have been received and determined to be acceptable by the Department and a preconstruction meeting has been held”.

Consider these changes and information prior to submitting your bid on **April 29, 2020**.

Sincerely,

George M. A. Macdougall P.E.  
Contracts & Specifications Engineer
