April 7, 2020
Subject: Ditching & Driveway
Culvert Replacements
State WIN: 026269.00
Location: **Greene**
Amendment No. 1

Dear Sir/Ms.:

The following questions have been received:

Question: Are metal track excavators allowed to be used in the roadway?

Response: Metal tracks are allowed.

Question: I'm also looking for clarification on exactly what is meant by "stone ditch protect".

Response: Once the ditch is excavated, stone 6-9 inches 5 feet wide will be placed in the ditch as protection. See MaineDOT Standard Specifications, November 2014 Edition, SECTION 610 – STONE FILL, STONE BLANKET, AND STONE DITCH PROTECTION.

Consider these changes and information prior to submitting your bid on **April 8, 2020**.

Sincerely,

A handwritten signature in black ink that reads "George Macdougall".

George M. A. Macdougall P.E.
