Amendment No. 2**

Dear Sir/Ms.:

The following questions have been received:

Question: Currently there is no item in the contract for jersey barriers. Most bridge sub-contractors have suggested using them on the more extensive work that has multiple day closures. Will the department add a jersey barrier item to the contract? or are they incidental to the work?

Response: If the Contractor elects to use jersey barrier or other forms of protection for this work, the payment for the jersey barrier or other protection will be considered incidental to applicable Contract Items.

Consider these changes and information prior to submitting your bid on **March 6, 2024.**

Sincerely,

A handwritten signature in blue ink that reads 'George Macdougall'.
