Dale F. Doughty
COMMISSIONER

February 4, 2026
Subject: Pavement Milling,
Hot Mix Asphalt Overlay
WIN: 027014.00
Location: **Brunswick**
Amendment No. 1

Dear Sir/Ms.:

Please make the following changes to the Bid Documents:

Remove, pages 17 thru 19, "Proposal Schedule of Items", 3 pages, dated 1/16/2026 and
Replace with the attached, revised "Proposal Schedule of Items" 3 pages dated 2/4/2026.

The following questions have been received:

Question: Utility Adjustment Durations and Contract Time

Special Provision Section 104 (Utilities), Subsurface subsection, indicates the following utility work and associated durations:

- Brunswick Sewer District: Adjustment of twenty-two (22) sewer manholes – 13 working days
- Brunswick–Topsham Water District: Adjustment of approximately twenty-five (25) water gates – 17 working days
- Consolidated Communications: Adjustment of one (1) telecommunications manhole – 1 working day

Based on these durations, the total required utility adjustment time is thirty-one (31) working days.

Would the Department consider adding these 31 days to the overall contract duration to accommodate this work?

Response: The contractor shall coordinate/schedule the utility structure adjustments with the utilities within the allotted contract time.

Question: Item 604.161 – Altering Catch Basin

Construction notes indicate forty-four (44) catch basins to be altered under Item 604.161; however, the Schedule of Items lists only three (3) each.

Please confirm the correct quantity for this item.

Response: See Attached Revised Schedule of Items

Question: Item 604.18 – Adjusting Manhole or Catch Basin to Grade

Construction notes indicate six (6) adjustments, while the Schedule of Items lists forty-two (42) each.

Please confirm the correct number of adjustments for this item.

Response: See Attached Revised Schedule of Items

Consider these changes and information prior to submitting your bid on **February 18, 2026.**

Sincerely,

George M. A. Macdougall P.E.
